

Environmental Objectives

We are committed to reducing our environmental impact and promoting sustainability across all aspects of our operations. Our environmental objectives are aligned with ISO 14001:2015 and reflect our dedication to continuous improvement, legal compliance and responsible stewardship of natural resources.

Environmental targets set for April 2024 to March 2025

- Achieve a 17% reduction in carbon emissions
- Reduce waste by 15%
- Reduce energy consumption by 4%
- Aim to reduce water use by 3%

It is expected that staff are aware of ESG Security's environmental objectives and understand their role in achieving them.
